

Check Out & Check In Process

To ensure you have an understanding of the rental and all functions that it's equipped there will be a 30+min check out process involved. The check out process will have a check list that both the customer and ODR employee will go over and sign that the travel trailer is in proper working condition.

A check in will also be given on the return date of the trailer. Any issues of cleanliness or damage to trailer will be sole responsibility of the customer. Please allow 30+ minutes for this process.

We highly recommended that you contact your insurance company to ensure coverage of the travel trailer.
